Last update | September 2019

Overview

100% freedom, 0% disturbance

HELLO: Our British, flexible, space-saving eye-catcher phone booth for one person. On casters for easy relocation. Offers a comfortable working environment. Perfect for making phone calls or participating in video conferences. Stand up booth with high table.

Sound isolation

Our FOCUS booths are at 45 dB, for the HALLO booth (being a new product) the acoustic measurements are pending, approx. 30dB. Two-way isolation. Have your conversations in privacy without disturbing your colleagues.

Fire safety

The bricks and interior of the booth are developed with fire retardant material to suit requirements.

Customizable & flexible

You can order our booths in all available RAL colours. The options we offer give you freedom to design your work space and your work dynamics. Easy relocation thanks to its casters.

Quick & practical

Incredibly quick installation thanks to our patented modular system. Also, you can relocate our phone booths easily thanks to its casters.
